# HONG KONG COLLEGE OF UROLOGICAL NURSING

## CNE LECTURE SERIES

The Hong Kong College of Urological Nursing endeavours to run an ongoing CNE lecture series over the years for nurses, in addition to the summer Annual Scientific Meeting and the occasional ad hoc themed symposia and workshops. Following the success of eight successive CNE Lecture Series on 'Uro-Radiology', 'Uro-Infection', 'Neuro-Urology and Voiding Dysfunction', 'Prostate Care', 'Uro-oncology & Kidney Tumour', 'Management of Bladder Cancer' and 'Prostate Cancer', the College will embark on the ninth series in the upcoming months. The theme of the forthcoming CNE Lecture Series will be a continuation of the ongoing curriculum; the topic will be '**Management of Neurogenic Bladder**', focusing on the principles and evidence base of neurogenic bladder management.

The Hong Kong College of Urological Nursing will be celebrating the **10th Anniversary** Scientific Meeting this summer. For this special occasion, our College will invite a visiting faculty nominated by The European Association of Urology Nurses (EAUN) to enlighten our 1½-day meeting themed '**Comprehensive Update on Urology Nursing**' covering various fundamental topics in urinary infections and uro-oncological management.

### **Objective**

The lectures aim to provide basic revision cum update information, to serve the prime objectives of Continuing Nursing Education.

### **Target Candidates**

These lectures are targeted at all nurses whose jobs are related to urology, or nurses who are simply interested in urology, particularly those who are for one reason or another unable to enroll onto a formal course in urological nursing.

### **Module 9**

#### **Management of Neurogenic Bladder / Comprehensive Update on Urology Nursing**

### **Topics**

Principles of neurogenic bladder management

Evidence-based management of neurogenic bladder

Urinary sepsis

UTI and CIC; prevention of UTI

Urinary incontinence after prostatectomy – prediction before surgery, pelvic floor exercise

Post cancer treatment follow-up

### **Speakers**

Local urologists and nurse specialists

Visiting faculty – Ms Corinne TILLIER,

Nurse Practitioner Uro-oncology of Netherlands Cancer Institute,

Board member of EAUN, and Chair of EAUN Scientific Committee
